BEST-FIT Interventions, Programs, Policies, or Practices

Relevant
- Address a community’s prioritized risk factors and protective factors across the social ecology
- Identify opportunities for your sector and ways to bring in other sectors
- Drive desired outcomes in one or more types of violence

Appropriate
- Be feasible given a community’s resources, capacities, and readiness to act
- Add to/reinforce other strategies in the community
- Minimize duplicative efforts

Effective
- Be adequately supported by contextual, experiential and best available research evidence
