

# BE i2i

Relationships can be awesome, but to keep them that way, you're going to have to be on the same level. That means being open and honest and doing your part to understand each other. So, whether you're talking or dating now, approach it like any good friendship. It's called being i2i.

Make your own paper fortune teller to find out what it means to be i2i.

## SO HOW DO YOU DO THIS?

It's easy - cut out the template and with a few folds you'll have yourself an old school fortune teller!

### STEP 1. Cut out the fortune teller.

cut along the dotted lines!

FLIP SIDE TO SEE HOW TO MAKE IT!

**STEP 2.** With the fortune teller face down, fold it in half to make a triangle and then open it back up.

**STEP 3.** Fold the paper in half a second time to make a new triangle. When you open the paper this time, the folds should form an X.

**STEP 4.** Fold all four corners toward the center of the paper so the points meet in the middle.

**STEP 5.** Once all the corners meet, flip the paper over so the folded side faces down.

**STEP 6.** Again, fold each of the four corners back toward the center so the points meet in the middle. Now you should have a smaller square.

**STEP 7.** Now, fold the square vertically and then again horizontally to loosen it up. Now you're ready to go!
